SCUOLA LEONARDO DA VINCI

Welcome to Scuola Leonardo da Vinci Educational Center

With more than **45 years of experience** and thousands of candidates every year joining our University preparation, Italian language, and cultural courses, we represent one of the **leading institutes for international students** from all over the world who wish to pursue their academic careers in Italy.

Our school is located in **Milan's city center**, just a few minutes away from the famous Duomo square and other important landmarks. The area is dotted with vibrant restaurants, unique shops, and lively bars that create an **enjoyable atmosphere** for all of our students.

Milan is a **city full of surprises**: original and fascinating, in its hidden corners, picturesque courtyards, sweet-smelling gardens and parks, and in the typical balustrade houses, the ancient and the modern, the past and the present coexist in complete harmony.

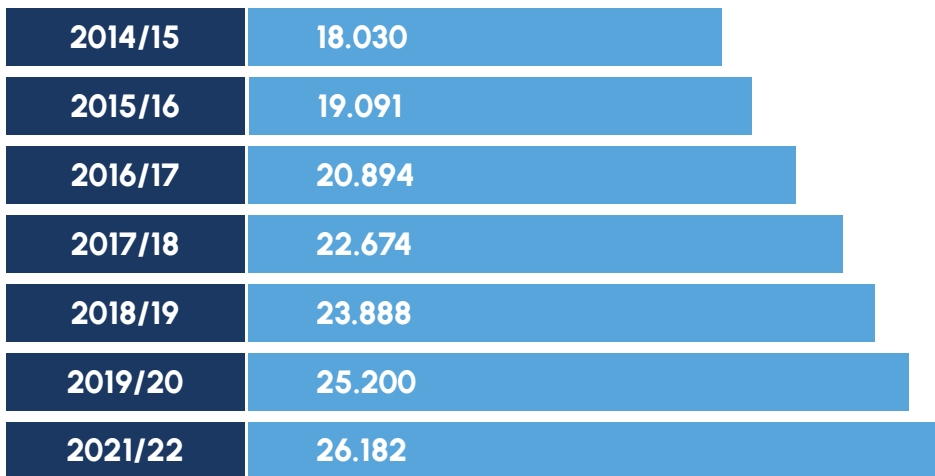

The undisputed capital of **fashion** and **design** and internationally recognized as the **creative core** of Italy, thanks to its prestigious Universities, academies, and conservatories including the Milan Politecnico, the Brera Academy of Fine Arts, and the Giuseppe Verdi Conservatory, the city is a favorite study location for hundreds of thousands of young people from all over the world.

WHY CHOOSE TO STUDY IN ITALY

Globalization of Italian Universities

Italy has seen a significant rise in international students, with a 30% increase in recent years. Students from over 150 countries, especially China, India, and Iran, now attend Italian universities. This surge has led to innovative changes, with 80% of institutions offering English-taught courses, making Italian education more accessible to global learners.

As for Milan, it is estimated that the current growth of international students in the city is around 17% annually.

Due to covid, data was not collected in the academic year 2020/2021.

Prestigious and Diverse Educational Offerings

Italy boasts some of the oldest universities, such as the University of Bologna, established in 1088, alongside top research institutions like the Politecnico di Milano. These universities rank highly in global standings, especially in architecture, engineering, and social sciences.

Italian higher education blends centuries of tradition with cutting-edge research, ensuring a competitive, diverse academic environment.

Affordable Tuition and Scholarships

One of the main advantages for international students is Italy's affordable education. Public universities offer annual tuition fees ranging from €200 to €5,200, depending on family income. Scholarships are available to cover fees, housing, and meals, making it financially accessible to a wide range of students.

Living Costs and Quality of Life

Italy provides a balanced lifestyle at moderate living costs. Rent for private rooms in shared apartments ranges between €300 to €600 per month, and additional costs for food, transportation, and leisure are relatively low compared to other European countries.

Studying in Italy also gives students the chance to experience its rich history, Mediterranean cuisine, and numerous UNESCO World Heritage sites, fostering an immersive cultural experience.

Research and Innovation Opportunities

Italian universities are renowned for their investments in research and development, with a 45% increase in infrastructure spending over the past five years. This focus on innovation creates excellent opportunities for students to engage in cutting-edge research projects, particularly in fields like engineering, medicine, and technology.

Work Opportunities for Students

In addition to academic pursuits, international students in Italy can work up to 20 hours per week during their studies. After graduation, they are eligible to apply for a 12-month post-study work visa, providing time to seek job opportunities in the country.

PATHWAY PROGRAMS IN MILAN

What is a Pathway program?

Scuola Leonardo da Vinci's Pathway programs are overarching programs that act as a bridge and will allow the students to gradually familiarize with the academic culture, teaching methods, and expectations in Italy, ensuring that they are fully equipped to thrive in the academic and cultural environment of Italian Universities.

Why enroll in a Pathway program?

Given the high attractiveness of Italian university courses, university entrance tests and requirements are becoming more and more selective: in this increasingly competitive university environment, it is important to prepare thoroughly and in advance to increase the chances of success.

Under the guidance of experienced educators, students will enhance their language skills, ensuring they are proficient enough to comprehend lectures, engage in discussions, and produce academic work.

What is included in our Pathway programs?

- An intensive Italian language course (3 hours per day, from Monday to Friday);
- General preparation classes to acquire crucial academic skills like oral communication, presentation skills, reading comprehension, logic, and general culture;
- Specific University preparation classes tailored to the chosen program (Medicine, Architecture, Design, etc.). These include plenty of practice on mock tests and past entry exam papers next to a solid theoretical basis, to ensure a thorough preparation needed not only to pass the selective entry test but also to tackle all academic challenges.

ARCHITECTURE & DESIGN

ITALIAN LANGUAGE COURSES & CILS EXAM

As part of our educational offer, Scuola Leonardo da Vinci offers a variety of **Italian language courses** to meet diverse student needs, including **intensive**, **part-time**, and **private classes**.

	INTENSIVE COURSE	PART-TIME COURSE
Duration	From 1 to 48 weeks	8 weeks
Schedule	From Monday to Friday 9 am – 12.15 pm or 2.15 pm – 5.30 pm (depending on the level)	Monday+Wednesday or Tuesday+Thursday 6.30 pm to 8 pm (depending on the level)
Price Presential Course	From €120 to €250 per week, depending on the number of weeks Students discount available	€360 for 8 weeks Students discount available
Price Online Course	From €130 to €150 per week, depending on the number of weeks Students discount available	€320 for 8 weeks Students discount available

The courses follow a **communicative approach**, encouraging students to practice Italian from day one with minimal use of other languages.

Classes are small (**3-14 students**) for personalized attention, and all teachers are **native speakers** with extensive experience.

The **learning materials**, created by the school's experts, incorporate digital content, games, and Italian culture

With students of all ages and coming from all over the world, the **multicultural environment** provides added value to your experience: every day you will learn something new not only about Italian culture, but about all the cultures of the world. Here, students **create friendships that will last a lifetime.**

Italian language certifications

To **gain access to their courses in Italian**, Italian universities and academies require a **B2 level certificate**. The most widely accepted certifications are **CILS, CELI, PLIDA** and **ROMATRE**. Most universities require this certificate among the documents required for enrolment, while other universities leave 3-4 months from the start of the course to present the certificate. We advise you to check directly with the university of your choice.

Scuola Leonardo da Vinci offers the possibility to sit the CILS exam, three times per year. Contact us for more information.

SCHOOL SERVICES

We know that starting a new adventure in a new country is full of challenges.

That is why at Scuola Leonardo da Vinci we are always ready to help students with enrollment procedures and any other important matter they will encounter on their path.

- **FULL ORIENTATION**

Our helpful and friendly multilingual staff is always at disposal to ensure a pleasant experience before, during and after your stay. The familiar atmosphere in all of our schools ensures an inclusive and warm environment where students can find a home away from home!

- **LANGUAGE PLACEMENT TEST**

- **ACADEMIC COUNSELING FOR ITALIAN UNIVERSITIES**

Our director of studies will help you navigate the complex world of Universities and provide you with all the necessary information to make the best decision for your future.

- **ASSISTANCE IN THE UNIVERSITY ENROLMENT PROCESS**
